PROFESSIONAL EXPERIENCE

Customer Insights & Product Operations Lead

07/2024 – Present | Chennai, India

REA India (Housing.com)

- Lead regional rollout and execution of product features across Chennai, Coimbatore, and Tier-II markets, coordinating a 30–40 member team.
- Partner with Product and Engineering teams to triage customer feedback, prioritize Jira backlog tickets, and ensure 95% on-time delivery across planned sprints.
- Built an automated Voice of Customer (VoC) framework using Claude and Databricks, translating customer interaction logs into high-impact product requirements.
- Directed client operations across 120+ strategic builder accounts, securing a 98% retention rate and 35%–51% YoY revenue growth.

Product Operations & Project Manager

09/2023 – 06/2024 | Noida, India

Magicbricks (Times Internet)

- Delivered 70+ product and customer experience initiatives with 95% on-time completion, aligning daily sprint milestones with company revenue targets.
- Collaborated with Engineering and UX designers to eliminate onboarding friction points, increasing account retention by 35%.
- Facilitated weekly cross-functional syncs to unblock technical dependencies, streamline project velocity, and safeguard delivery schedules.

Assistant Manager – Product Operations & Delivery

04/2022 – 09/2023 | Noida, India

Info Edge India Ltd (99acres.com)

- Managed end-to-end delivery for property marketing solutions, boosting new client acquisition by 25% and reducing churn by 20%.
- Designed Jira tracking boards and Power BI operational scorecards to maintain clear milestone visibility across cross-functional stakeholders.

Client Servicing & Campaign Manager

05/2019 – 03/2022 | Noida, India

Info Edge India Ltd

- Managed multi-channel digital campaign operations and delivery milestones for enterprise accounts valued over ₹10 Crore.

Lead Management & Quality Analyst

08/2015 – 02/2017 | Noida, India

Info Edge India Ltd

- Standardized QA inspection workflows, improving lead delivery and reporting accuracy by 15%.

FLAGSHIP PRODUCT ARTIFACTS

AI-Powered VoC Product Discovery Engine: Authored comprehensive functional requirements (PRD) and workflow maps to automatically extract recurring user pain points from CRM notes, routing them directly into Jira for product backlog grooming.
